Helpful Q & A about Stewardship

Why should I fill out a stewardship survey annually?

The survey is like a parish census. By returning the Stewardship Survey annually, each family updates/confirms their telephone numbers and e-mail addresses and home addresses for the parish records. In addition, helps us to know if you wish to continue serving in a particular area or to try a new way to volunteer. Finally, St. Pius X is able set annual budgets, provide parish staff, programs, outreach and services based on your annual financial pledges.

When I sign up for a specific volunteer opportunity am I making a binding commitment?

No. When you sign up for an opportunity, you are expressing interest in that area. If you are not currently active in the specific area you will be contacted with more information. This information will help you decide if the timing and commitment work for you.

What if my circumstances change and I am unable to fulfill my volunteer or financial commitment?

We appreciate any amount of time, talent or treasure that you are able to share but realize that circumstances change. If that happens simply contact us.
